AMENDMENT TO THE CLAIMS:

Replace the claims with the following rewritten listing:

1-16. (Canceled)

- 17. (Currently Amended) A growth medium for plants or mushrooms, the medium comprising sugar cane mill mud and <u>a non sphagnum-peat material</u>, the material being a non sphagnum-peat.
- 18. (Previously Presented) The growth medium of claim 17 wherein the ratio of sugar cane mill mud to non sphagnum-peat is between about 1:1.4 to about 1:2 parts by weight.
- 19. (Previously Presented) The growth medium of claim 18, wherein the ratio is about 1:1.4.
- 20. (Previously Presented) The growth medium of claim 17, wherein the peat is sedge peat.
- 21. (Previously Presented) The growth medium of claim 17 which is in the form of a casing soil composition.
- 22. (Previously Presented) The growth medium of claim 21, further comprising about 65 to 75% wt/vol water.
- 23. (Previously Presented) The growth medium of claim 22, which further includes an additive selected from the group comprising a fungicide, an insecticide, a nematicide, a wetting agent and a pH controlling agent.

- 24. (Previously Presented) The growth medium of claim 17, which further includes about 30 to about 80 wt % of an inert filler.
- 25. (Previously Presented) The growth medium of claim 24, which includes between about 60 to about 70% of an inert filler.
- 26. (Previously Presented) The growth medium of claim 24, wherein the inert filler is bagasse.
- 27. (Previously Presented) A growth medium for plants or mushrooms, the medium comprising sugar cane mill mud and a non sphagnum-peat material selected from the group consisting of a non sphagnum-peat and coconut fibre.
- 28. (Withdrawn) The growth medium of claim 27, wherein the material is coconut fibre and the ratio of sugar cane mill mud to non sphagnum-peat material is between about 1:1.4 to about 1:2 parts by weight.
- 29. (Withdrawn) The growth medium of claim 28 which is in the form of a casing soil composition.
